BANC was born in 2017. The Benevolent Artists National Charity or BANC was created by Rudy Sarzo and Jim Carter, to be something "Bigger Than a Band". A band built to raise \$10,000,000.00 for charity. It has since raised over \$1,000,000.00 for charity per year, via a growing number of shows, each progressive year. Starting in Los Angeles at the iconic Whisky a Go-Go in 2017, then in Canada's National Music Centre, BANC has gone on to play a variety of iconic venues with some of North America's Greatest Artists. For me it's really important to be a part of BANC because I've had such a blessed career it's so hard to actually find an opportunity to give back and trusting that what you give back gets to those people it was intended for. This band is the only band that I know that can actually raise millions of dollars for a charitable organization.

Jim Carter (Co-founder, Singer)

BANC is a purpose-built band that just delivers big charity events. I met Rudy Sarzo in Las Vegas at the House of Blues. We thought we should talk about doing something that's bigger than a band. We combined our backgrounds and created a group just for charities.

Sass Jordan (Juno Award Winning, #1 Recording Artist)

All of us really believe in what we're doing and we have an absolute blast doing it. It's really fun for us and I think it's really a tremendous way to do our part to help out and give support in the best way we can.

Erin Carter (Singer, Actor, Director)

Being a part of BANC is a true pleasure and career highlight. Performing along side such unbelievably talented, world renowned, giving performers for such wonderful causes no less- makes each and every show a special event. I'm honoured and humbled to sing along side these artists.

Most of us come from from big bands that most people have heard of. It's a gathering of all these amazing people that have these very unique talents and bringing back together.

Ellis Hall (Tower of Power)

Each Member of BANC Charity, brings each their own passion and skill, we need every color in the box of Crayons, and we have that with BANC

Teddy Zigzag (Guns and Roses, Carol King, Box Masters)

It's always good to be giving back. That's how I look at it; we're just giving back.

Pat Steward (Bryan Adams)

I love being a part of this band because of what it does and what it represents. It's doing great work for a variety of charities. A few amazing people who happen to be Legends in the rock and roll industry.
